

High Street Drainage Improvements

The work under this Contract consists of replacing deteriorated corrugated metal pipe (CMP) drainage infrastructure with reinforced concrete pipe (RCP) within a major Town roadway. Block structure catch basins and manholes will also be replaced with precast concrete structures. This project also includes mill and overlay within High Street, granite curb replacement, asphalt sidewalk restoration, and lawn restoration in the vicinity of the drainage repairs.

Submittal Information:

Please see the bidder instructions in the bid document

Bid Opening Information:

07/31/2025, 1:00 pm onsite

Plan & Spec Available:

By email request to: DPWBIDS@BridgewaterMA.org
