### Coverage- GLP-1 Medications prescribed for weight loss

Blue Cross Blue Shield of Massachusetts and Harvard Pilgrim Health Care will continue to cover the GLP-1 medications prescribed for weight loss through June 30, 2026, in accordance with the carriers' prescription drug formularies.

Effective July 1, 2026, Blue Cross Blue Shield of Massachusetts and Harvard Pilgrim Health Care, will discontinue coverage for GLP-1 medications that are prescribed for weight loss.

The MMHG Steering Committee is actively reviewing all preliminary financial projections and program data to determine the best path forward. They will determine if available riders to continue coverage are cost reasonable and will not have a detrimental effect on your monthly premium rates. They are also considering every option to have these medications safely available for our members. They anticipate final decisions will be made within the first quarter of 2026.

Please note: GLP-1s will continue to be available for those prescribed the drug to treat Type-2 diabetes.

Michael W. Levy  
Chairman  
Mayflower Municipal Health Group
