

# DRINKING WATER NOTICE

## Monitoring requirements not met for Bridgewater Blue Drop LLC

We violated a drinking water standard. Even though this was not an emergency, as our customers, you have a right to know what happened and what we are doing to correct this situation.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During quarter 3, 2025 we did not monitor for Per-and Polyfluoroalkyl Substances (PFAS) and therefore cannot be sure of the quality of our drinking water during that time.*

### What This Means

**There is nothing you need to do at this time.** The table below lists the contaminant we did not properly test for, how often we are supposed to sample for Per-and Polyfluoroalkyl Substances (PFAS) and how many samples we are supposed to take, how many samples we took, when samples should have been taken.

Contaminant	Required sampling frequency	Number of samples taken in 2025	When all samples should have been taken in 2025	When samples were taken in 2025
(PFAS) Per-and Polyfluoroalkyl Substances	First month of each quarter.	3	January, April, July, and October.	January 6, 2025 April 7, 2025 October 6, 2025

### Steps We Are Taking

There is no resample for this missed sampling as the quarter ended on September 30<sup>th</sup>. Samples recently taken on October 6, 2025, were ND (non-detect) for PFAS. January and April 2025 samples were also ND for PFAS. We will continue to monitor as required, the next required sampling is January 2026. For more information, please contact the Bridgewater Water Department at (508) 697-0910 our office is located at 25 South St. Bridgewater MA, 02324

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*
